

MCI Circular 300/2024

To: Australian Owners, Managers & Captains.

Subject: Safety Solutions for Yachts in Australia - Nautical Solutions

Date: 15th October 2024

Summary:

Steve Connolly

Peter Townsend

This circular introduces Nautical Solutions, led by Steve Connolly and Peter Townsend, as a provider of specialized risk management services for yachts operating in Australia. Nautical Solutions focuses on preventative safety management, risk assessments, and crew training through structured programs designed to reduce operational incidents and ensure compliance with regulatory requirements.

Key Services Provided by Nautical Solutions:

- AMSA Compliance Specialist
- SMS Templates (504 Compliance)
- Risk Assessments
- Post Incident Support
- Legal and Regulatory Framework (SMS, ISM)
- Global Capabilities and Networks
- Cyber Security Management for Vessels
- Crew Training and Drills
- Contingency Planning for Cyclones and Voyages
- Insurance Reviews and Tenders
- Maritime, Medical, and Security Awareness Training
- Culture Canvas Development
- Digital Management and Vessel Solutions

Nautical Solutions has a proven track record in delivering effective safety and risk management solutions, offering post-incident support, and facilitating compliance with

relevant regulations. Their services are designed to mitigate risks, optimize operational safety, and ensure adherence to industry standards.

Maritime Cook Islands appreciates the valuable services provided by Nautical Solutions and acknowledges the benefits they offer to our clients. However, we wish to clarify that these services are not mandatory for vessel registration with Maritime Cook Islands. Clients are free to engage Nautical Solutions directly for enhanced risk management and compliance support at their discretion.
